

Why Get Vaccinated?

To protect yourself, your coworkers, your patients, your family, and your community.

- Building defenses against COVID-19 in this facility and in your community is a team effort. And you are a key part of that defense.
- Getting the COVID-19 vaccine adds one more layer of protection for you, your coworkers, patients, and family.

Here are ways you can build people's confidence in the new COVID-19 vaccines in your facility, your community, and at home:

- **Get vaccinated** and enroll in the **v-safe** text messaging program to help CDC monitor vaccine safety.
- **Tell others why** you are getting vaccinated and encourage them to get vaccinated.
- **Learn how to have conversations** about the COVID-19 vaccine with coworkers, family, and friends.
