Perceptions of the COVID-19 Vaccine

• We are trying to get a better understanding of plans and thoughts about the COVID-19 vaccine among Marin residents. This survey should take no longer than 10 minutes. Your responses to the questions are completely anonymous.

• Estamos tratando de obtener un mejor conocimiento sobre la planificación de la vacuna de COVID-19, tomando en cuenta la opinión de los residentes del condado de Marin. Completar este cuestionario no debería tomar más de 10 minutos. Sus respuestas son completamente anónimas.
The vaccine is one of the most important ways to end the pandemic. The vaccine is expected to be available to everyone by the Summer of 2021. You will get it at doctor's offices, clinics, and pharmacies. When it's your turn, step up for your health, the health of your loved ones, and of your community.

If you live in Marin County and are interested in receiving the COVID-19 vaccine, you can sign-up to be notified when you’re eligible, based on the State vaccine priority list. Vaccine supply is limited, so you may have to wait to get a vaccine.
